

CE DECLARATION OF CONFORMITY

ILOGS smartwear GmbH hereby declares under sole responsibility that the following product:

Product: Smart Ring

Model: Nextring

Type: N1 and N2

complies with the relevant harmonization legislation of the European Union:

- **RED Directive (2014/53/EU)**
- **RoHS Directive (2011/65/EU & 2015/863/EU)**

The product meets the essential requirements and the relevant safety and health requirements of the above-mentioned directives. Compliance has been demonstrated through the application of the following harmonized standards and technical specifications:

Applied Standards and Test Specifications:

1. Radio Equipment Requirements (RED 2014/53/EU):

- EN 300 328 V2.2.2 (Operation in the 2.4 GHz band)
- EN 301 489-1 V2.2.3 (EMC requirements for radio equipment)
- EN 301 489-17 V3.2.4 (EMC requirements for broadband transmission systems)
- EN 62311:2020 (SAR assessment for radio equipment)
- EN 50663:2017 (Assessment of exposure of small devices to electromagnetic fields)

2. Electrical Safety:

- EN 62368-1:2020+A11:2020 (Safety of electrical and electronic equipment in the audiovisual field)

3. Electromagnetic Compatibility (EMC):

- EN 55032:2015+A1:2020 (Emission requirements for multimedia equipment)
- EN 55035:2017+A11:2020 (Immunity requirements for multimedia equipment)

- EN 61000-3-3:2013/A2:2021 (Voltage fluctuations, voltage variations, and flicker in public low-voltage networks)

4. RoHS (2011/65/EU & 2015/863/EU):

- IEC 63000:2018 (Technical documentation for the assessment of RoHS compliance)

The CE marking was affixed in 2024. The associated test reports were prepared by an accredited testing laboratory and are available upon request.
